WEALTHY GERMAN TO WED STENOGRAPHER

Fritz Loeser, Member of Great
Tobacco Family, Meets Girl in
Office of Buffalo Motor Com-
pany and Weds Her.

REPUBLICAN SPECIAL.
Buffalo, N. Y., Nov. 25.—The wedding
of Fritz Loeser, member of the great
tobacco family, and Miss Benjamin, a
steno-grapher in the office of a
Buffalo motor company, was celebrated
last night at the home of the bride's
parents. The ceremony was performed
by Rev. Dr. Loeser, who is a member of
the same family. The bride is the
daughter of a wealthy family and the
groom is a member of the same family.

BLINDNESS AND DEAFNESS CURED BY NEW METHOD.

Dr. J. Harvey Moore, who was ap-
pointed by two Governors of Missouri Eye
and Ear Surgeon to the State Institution
for the Blind, has discovered a new and
simple system of treating Eye and Ear Dis-
eases, without the knife or caustic, which
has enabled him to cure hundreds of cases
after some of the most noted specialists of
the world have given them up as hopeless.
If you or any of your friends have
WEAK EYES, FAILING SIGHT, GRAN-
ULATED LIDS, ULCERS OR SORES ON THE
EYES, CROSS EYES OR SUNKEN EYES,
or any kind of EYE AFFECTION, HURRY IN THE
EVENING TO CATARRH, call at once, or write
Dr. J. Harvey Moore, 238 Washington
avenue, St. Louis, Mo. Hours—9 a. m. to
5 p. m., Sundays, 9 to 12. Consultation and
examination free.

EIGHTY-YEAR-OLD JUSTICE AND HIS WIFE LEAD GRAND MARCH IN ALTON

MRS. FRANK BRANDEWIEDE. JUSTICE FRANK BRANDEWIEDE.
Justice Brandewiede, who is 80 years old, and his wife, several years his junior,
led the grand march at the annual ball of the Cigarmakers' Union in Alton.

Justice Frank Brandewiede, 80 years old,
and his wife, who is several years his
junior, led the grand march last night at
Turner Hall at the annual ball of the
Cigarmakers' Union in Alton.
Justice Brandewiede is a cigarmaker,
and fifty years ago was one of the most
expert cigarmakers in the country. Even
yet he makes a better cigar than many of
the "moderns," and he is a frequent visitor
at Alton cigar factories, where he sits
down at the bottom of the cigar, and just
to show that he has not forgotten how
he formerly conducted a cigar factory and
retail store in Alton, but quit the busi-
ness to enter politics.
He is a member of the Peace in
Alton for twenty-two years, and has two
years of his last term to serve yet. He
has also been Clerk of the City Court of

Alton for sixteen years, and was re-
elected for a four-year term last March.
Justice Brandewiede has made
himself a name in the community by
performing his marriage cere-
monies, 25 persons, or 32 couples. He
served as Marriage License Clerk for some
time, and issued during his term of of-
fice 54 marriage licenses.
He is active, energetic, works daily and
laughs at the idea of uselessness after
the age of 60 years has been at-
tained. Mrs. Brandewiede is equally ac-
tive, cheerful and "young." They were
among the liveliest at the big ball, and
the acquired dance and fancy dancing
in addition to the sets he danced
with his partner—his wife.
They have a good home in Main street,
are comfortably fixed, have their chil-
dren and grandchildren around them, and
are happy and respected.

LORE OF FAR NORTH HOLDS ADVENTURERS

Returning Klondikers Turn Back
Homesick to the Arctic Region
to Again Take Up Mining In-
terests.

Victoria, British Columbia, Nov. 25.—The
lore of the gold and silver fields was curi-
ously demonstrated here upon the arrival
of the last Klondiker steamer, she brought
back a party of men who had been in the
North for several years, and who had been
HARRY JOHNSTON, both from Yarmouth,
Nova Scotia, who went in with the
first party, and who are now rated as
wealthy men.
They have been planning for three years
past to come "outside" after the autumn
work of 1904 and spend Christmas at the
home of the Klondiker. They started for
civilization and childhood's scenes four
years ago. By the time they reached
Skagway they had developed homesickness
for the old and snow, and they "had
had" to go back to the North.
On the trip down from Skagway they got
talking about what the boys were doing
in the Northland, and what work would be
accomplished during the winter and of
what might happen, and they decided to
return. As a result, when Victoria was
reached, their first investment was a re-
turn ticket, and the next steamer sailing
for Skagway, carried them north again.
They expect to go to Dawson over the
Lawrence River, and to return to the
North. They expect to go to Dawson over
the Lawrence River, and to return to the
North. They expect to go to Dawson over
the Lawrence River, and to return to the
North.

SCIENTISTS PEER INTO ANIMALS' EYES

Work in the Dark at Chicago Zoo
Studying Optics of Beasts and
Snakes—Doctor Wood Tells of
Experiments.

REPUBLICAN SPECIAL.
Chicago, Nov. 25.—To catch a tiger or a
lion and make a scientific examination of
his eye is not a task that appeals to the
average scientist.
The study of the eye of wild ani-
mals is a branch of science little known,
but much interest was shown here when
Chicago physicians by an illustrated lecture
given by Doctor Casey A. Wood of Chi-
cago before the American Academy of
Medicine at its annual meeting in the
Northwestern University building, in
Chicago, last night, told of the work of
George Lindsay Johnson and Arthur W. Head,
two of the most famous of modern scientific
men.
The tasks undertaken by these men in
studying the eyes of wild animals exposed
them to peril.
They investigated the eyes of the lion,
tiger, rhinoceros, bear, gorilla, camel, ze-
bra, kangaroo, rabbit and many others.
More perilous still, they made experiments
on the eyes of the largest python obtain-
able. They peered deeply into the or-
bits of several crocodiles and other members
of the same family.
The investigators wished to know why
the rays of light flashed in the darkness
of the eyes of the animals were red, some-
times green and some yellow. They wished
to learn what disease of the eye affected
wild animals, and what the cause of the
disease was. They were curious as to the
structure of the eye of the animals, and
the cause of the disease.

Thousands of Homes Pe-ru-na is the Family Doctor.

Mr. and Mrs. Plamann and Children.

A Happy Family, Kept Well and Hearty By Taking Pe-ru-na.

Mrs. Alvina Plamann, 1719 Walnut street, Milwaukee, Wis., writes:
"I am now able to do my housework again, and have a good appetite. I have used thirteen bottles of
Pe-ru-na and one of Manalin."
"My husband and children are also in good health. We always keep Pe-ru-na in the house. I thank you a
thousand times for your advice."

An Enemy to the Home.
CATARRH is the natural enemy of
every home.
Over every home hangs the inevit-
able certainty of catarrh invasion.
No home is entirely free from it. Every
person is subject to it.
It would be no exaggeration to say that
two-thirds of the homes of America have
suffered more or less from this insidious,
almost omnipresent enemy, catarrh.
Pe-ru-na is the natural protection of the
home.
It is intended to relieve catarrh and
catarrhal diseases in any and all of their
phases.
A Saffron Against Colds—Would
Not Be Without Pe-ru-na.
Mrs. Anna McSwain, 225 N. 5th street,
Kansas City, Mo., writes:
"I would not for anything do without
a bottle of your Pe-ru-na and Manalin in
my home."
"Your medicine is a safeguard against
colds, for I have given it to my children
and they are in the best of health."
"My little daughter, Catherine, the one
you have been treating, has such an ap-
petite that I enjoy watching her eat."
"Before taking your treatment she
would not eat anything. I can never be
grateful enough for what you have
done for our darling Catherine."

RECENT BLACK HAD ATROCITIES

New Wave of Murder, Assault,
Kidnaping, Arson and Other
Outrages by This Society.

New York, Nov. 25.—With the coming of
winter, the return of Italians from the
South, and the return of the Black Hand
society, a new wave of crime is being
experienced in New York.
A month ago tenement dynamiting and
other crimes were rare, and there has been
a comparative quiet since.
But the quiet is on the surface only, for
the Black Hand society is still active, and
it is only a matter of time before a new
series of crimes will be the result of the
return of the Black Hand society.
The Black Hand society is a secret
society, and its members are known as
"The Black Hand." They are known for
their crimes, and they are known for their
atrocities.
The Black Hand society is a secret
society, and its members are known as
"The Black Hand." They are known for
their crimes, and they are known for their
atrocities.

SCHANDEIN WILL STANDS.

Mrs. Jacob Heyl to Receive the
\$7,000,000.

Milwaukee, Nov. 25.—Judge Carpenter
today, in a lengthy decision, sustained
the will of Mrs. Isaac Schandwein, and
admitted the instrument to probate.
The will makes Mrs. Jacob Heyl the
chief beneficiary of the \$7,000,000 estate,
and the remainder of the estate is to be
divided among the other beneficiaries.
The will was made by Mrs. Schandwein
in 1900, and it was a surprise to many
people when she died, as she was a young
woman at the time. The will was a
surprise to many people, as it was a
will of a young woman, and it was a
will of a young woman.

GOMPERS IS RE-ELECTED.

Practically No Votes Cast
Against Him for Federation
President.

Pittsburgh, Nov. 25.—Samuel Gompers
was today re-elected president of the
American Federation of Labor by a
landslide vote.
The following list of presidents were
elected: John Mitchell, Indianapolis, Ind.;
James O'Connell, Washington, D. C.;
John Mitchell, Indianapolis, Ind.;
James O'Connell, Washington, D. C.;
John Mitchell, Indianapolis, Ind.;
James O'Connell, Washington, D. C.

BURNE-JONES WORKING ON NOVEL WEDDING GIFT.

London, Nov. 25.—(Copyright, 1905.—St.
Pitts) Burne-Jones is working on a
novel wedding gift. It is a novel
wedding gift, and it is a novel wedding
gift. It is a novel wedding gift, and it
is a novel wedding gift. It is a novel
wedding gift, and it is a novel wedding
gift. It is a novel wedding gift, and it
is a novel wedding gift.

GUILLotine ON VACANT LOT EXCITES PARISIANS.

Paris, Nov. 25.—(Copyright, 1905.—St.
Pitts) A guillotine was erected on a
vacant lot in Paris, and it excited the
Parisians. It is a guillotine, and it is
a guillotine. It is a guillotine, and it
is a guillotine. It is a guillotine, and
it is a guillotine. It is a guillotine, and
it is a guillotine.

"Thank God for Safe Cure"

Mrs. B. F. Spillman, of Vevay, Ind., Dying From Kidney
Trouble, Cured by Warner's Safe Cure. A Trial Bottle Will Be
Sent ABSOLUTELY FREE to Anyone Who Will Write for It

"I am pleased to write to you to-day
and heartily endorse Warner's Safe Kid-
ney and Liver Cure. I have had liver and
kidney trouble all my life, and about a
year ago was taken down in bed. I made
up my mind to try Warner's Safe Cure,
and I am glad to say that Warner's Safe
Cure has entirely cured me of all my
trouble. My health is much better than
ever before in my life, though my friends
said I would die. I will never be without
a bottle of Warner's Safe Cure, and I
will recommend it to all my friends."
—Mrs. B. F. SPILLMAN.

Warner's Safe Cure

Does your back ache? Do you have head-
aches? Do you have kidney trouble? Do
you have liver trouble? Do you have
kidney trouble? Do you have liver trouble?
Do you have kidney trouble? Do you have
liver trouble? Do you have kidney trouble?
Do you have liver trouble? Do you have
kidney trouble? Do you have liver trouble?

IF IN DOUBT MAKE THIS TEST:

Put some urine in a glass, and if it stands 24 hours, if you find a reddish, brick-
dust sediment in it, or particles floating in the urine, or the urine is milky or cloudy,
you will know your kidneys are in a diseased condition and are unable to perform
their work. The result will be the bladder and urinary organs will become inflamed,
the food will poison the blood, the stomach will become affected and unable to digest
the food, the system will become weak, and the result will be a breakdown of the
system, with all the attendant evils of kidney and liver disease, and all the attendant
evils of kidney and liver disease.
